

# Two Output Warning Light Flasher Quick Guide

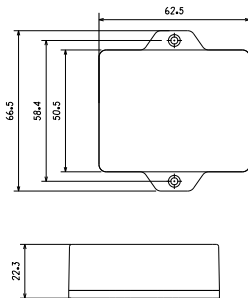

**2 x 5A output flasher  
with airport standard and  
flash patterns, dim and  
cruise options.**  
**10-30VDC Vin = Vout**

## Technical Specifications

|                       |                      |
|-----------------------|----------------------|
| Max Power             | 150W x 2             |
| Voltage               | DC 10-30V            |
| Flash Pattern         | 18                   |
| Operating Temperature | -30°C to +70 °C      |
| Dimensions            | 66.5 x 62.5 x 22.3mm |
| Certifications        | ECE R10              |
