

Wired Camera systems - Ref. D16033 / 69 KIT 134 / CAM KIT AHD

The HD rear view kit can equip buses, trucks, vans and special vehicles such as construction vehicles, garbage trucks, sweepers ...

This camera kit is composed of :

- A high resolution rear camera
- A high definition screen 7 inches
- A 20 meters cable
- The camera has an excellent resolution (1280x720 - 1 Million pixels), and offers a viewing angle of 150 ° with a minimum illumination of 0.1 lux. It is robust and waterproof IP68.

The camera is accompanied by a 7" high definition digital screen (720P) offering an excellent resolution (1024*R.G.B* 600). The screen has a removable sun visor as well as a speaker, and is automatically triggered when the reverse gear is activated.

The kit works in 12-24 Vdc, and is delivered with a 20 meters cable.

The products' highlights :

- High resolution camera & HD screen offering an excellent restitution of images: camera with a viewing angle of 120 °, works from 0.1 lux
- Automatic triggering when the reverse gear is activated
- Robust and waterproof (IP68)
- Easy and discreet integration on any type of vehicle
- Power supply: 12-24 VDC
- 2 years warranty
